

ORIGINAL RECORDS of MAINE TOWNS AND CITIES

Picton Press is pleased to bring you all of the vital records which exist for towns and cities in the state of Maine on CD format using Adobe PDF. These are images of the actual records (most usually handwritten) and the quality of each image depends upon the quality of the records in the original books and the filming of those books. In many cases ink has faded over time or pages have been torn or worn from use. Also included on this CD is a map of Maine showing the counties, a map of the county showing the location of the town/ city/ plantation, an introduction and bookmarks to sections in the original books.

What a help for people seeking ancestors who moved about within the state and are hard to locate or track down!
